6 Extension of section 3(2) to sales wholesale, etc, and relaxation of the said subsection

(1) The provisions of section 3(2) of the Act as modified by Rule 5 shall apply to sales exempted by section 4 of the Act, other than sales of poisons to be exported to purchasers outside the United Kingdom, and shall also apply to the supply in the form of commercial sample, otherwise than on sale, of any poison included in Schedule 1 in like manner as if references in the said provisions to the sale and seller of poisons respectively included references to the supply and supplier of poisons in the form of commercial samples:

Provided that the said provisions shall not apply to the sale or supply of any article by the manufacturer thereof or by a person carrying on a business in the course of which poisons are regularly sold by way of wholesale dealing, if:-

- (a) the article is sold or supplied to a person carrying on a business in the course of which poisons are regularly sold or are regularly used in the manufacture of other articles, and
- (b) the seller or supplier is reasonably satisfied that the purchaser requires the article for the purpose of that business.

(2) Paragraph (a) of the said section 3(2) shall, in its application to sales exempted by section 4 of the Act and to the supply in the form of commercial samples of poisons included in Schedule 1, be deemed to be satisfied if the person to whom the poison is sold or supplied is known by the person in charge of the department of the business through which the sale or supply is effected to be a person to whom the poison or sample may properly be sold or supplied.

(3) So much of paragraph (b) of the said section 3(2) as requires an entry in a book to be signed by the purchaser of a poison shall not, as respects the sale of a poison to a person for the purposes of his trade, business or profession, apply if the following requirements are satisfied:-

- (a) the seller must obtain before the completion of the sale an order in writing signed by the purchaser stating his name and address, trade, business or profession, and the following particulars in regard to the article to be purchased, that is to say, the purpose for which it is required and the total quantity to be purchased;
- (b) the seller must be reasonably satisfied that the signature is that of the person purporting to have signed the order, and that the person carries on the trade, business or profession stated in the order, being one in which the poison to be purchased is used;
- (c) the seller must insert in the entry prescribed by Rule 26 words "signed order" and a reference number by which the order can be identified;

Provided that where a person represents that he urgently requires a poison for the purpose of his trade, business or profession, the seller may, if he is reasonably satisfied that the person so requires the poison and is, by reason of some emergency, unable before delivery either to furnish to the seller an order in writing duly signed or to attend and sign the entry in the book, deliver the poison to the purchaser on an undertaking by the purchaser to furnish such an order within the [seventy-two] hours next following.

If any purchaser by whom any such undertaking has been given fails to deliver to the seller a signed order in accordance with the undertaking, or if any person for the purpose of obtaining delivery of any poison under the foregoing proviso makes a statement which is to his knowledge false, he shall be deemed to have contravened the provisions of this Rule.
